

## Claims

What is claimed is:

1. A method comprising the steps of:
  - (a) providing a container for entertaining a child;
  - (b) said container comprising a recess holding cosmetics therein;
  - (c) said cosmetics being selected from the group consisting of: nail polish, mascara, eyeliner, lipstick, lipliner, and lipgloss;
  - (d) said container further comprising an entertainment device, said entertainment device comprising at least one die, said entertainment device further comprising a mechanism for tossing said die.
2. A method as claimed in Claim 1, wherein said entertainment device comprises a flexible sheet and a cover, said die being on said sheet, and wherein depressing said cover causes said die to be tossed.
3. A method as claimed in Claim 2, wherein said entertainment device comprising at least two of said dice.
4. A method as claimed in Claim 1, wherein said entertainment device further comprises a device which produces a light for entertaining the child.
5. A method as claimed in Claim 1, wherein said entertainment device further comprises a device which produces sound for entertaining the child.
6. A method as claimed in Claim 5, wherein said sound comprises a verbal message.
7. A method as claimed in Claim 1, wherein said entertainment device further comprises a device

which produces light and sound for entertaining the child.

8. A method as claimed in Claim 1, wherein said container is a bottle.
9. A method as claimed in Claim 1, wherein said cosmetics comprises glitter.
10. A method as claimed in Claim 1, wherein said container further comprises a cap, and wherein said entertainment device is part of said cap.
11. A method as claimed in Claim 1, wherein said container comprises a cap and said entertainment device is part of said cap, said cap comprising a faceted plastic.
12. A method as claimed in Claim 1, wherein said entertainment device further comprises a device which produces a blinking light for entertaining the child.
13. A method as claimed in Claim 1, wherein said entertainment device further comprises a device which produces a colored light for entertaining the child.
14. A method as claimed in Claim 1, wherein said entertainment device further comprises a light for entertaining the child, wherein said light is activatable from said exterior of said container and wherein, upon activation of said light, said light is visible through said walls of said container.
15. A method as claimed in Claim 4, further comprising a timer, and wherein said timer is set to deactivate said light a predetermined period after activation of said light.
16. An apparatus as claimed in Claim 5, wherein said sound comprises at least one musical tone.
17. An apparatus as claimed in Claim 5, wherein said sound comprises music.
18. An apparatus as claimed in Claim 5, wherein said sound comprises sound effects.
19. An apparatus as claimed in Claim 5, wherein said sound comprises animal noises.
20. An apparatus as claimed in Claim 5, wherein said sound is produced by a sound generating

source, and wherein said sound generating source produces sounds when the orientation of said sound generating source is changed.

21. An apparatus as claimed in Claim 5, wherein at least a portion of said cosmetics container is in the shape of a musical instrument.
22. An apparatus as claimed in Claim 5, wherein the sound comprises the sound of a musical instrument.
23. An apparatus as claimed in Claim 5, wherein said sound is touch activated.
24. An apparatus as claimed in Claim 7, wherein said sound is a verbal message.
